RE: the proposed meeting on the Barclay project to address questions arising from the Nov. 9 MHD letter, we have had some trouble coordinating the schedules of principle attendees from some organizations, we will probably send out a Doodle Poll or other survey soon – in the meantime, I just want to reiterate to Key Environmental and Sherman & Associates that it will be helpful if you submit (send directly to me) some questions you have at this time to help us prepare and focus the meeting.

Anyone else who had questions or agenda issues should also send those directly to me so we can give them an airing.
